Cambridge ICE

The Cambridge ICE certificate is a group award designed for schools that want to offer a broad curriculum. Candidates enter and sit for a minimum of seven subjects selected from the five IGCSE curriculum areas: Group 1 – Languages, Group 2 – Humanities, Group 3 – Sciences, Group 4 – Mathematics, Group 5 - Creative and Vocational.

Cambridge ICE is awarded to candidates who pass in at least seven Cambridge IGCSE subjects, including two from Group 1 and one from each of Groups 2 to 5. The seventh subject may be chosen from any of the syllabus groups. **Please note schools are responsible for ensuring candidates are qualified for ICE before registering to avoid forfeit of registration fees.**

Core or Extended Entries:

- A candidate can register for either **Core** or **Extended** options or a mix of both. Core covers grades C to G while Extended covers grades A* to E. With Core option, C is the highest grade while Extended option is for high scoring students with A* being the highest grade.

Please note that you are still required to go through the current Guide-To-Making-Entries booklet to review your options to avoid wrong combinations that can lead to wrong registrations and costs for candidates.

Teaching Group for Secondary Checkpoint

You need to enter a teaching group code for each syllabus entry in the Checkpoint Entry on Schools Registration System or for Spreadsheet in case of manual registration. Cambridge uses this information in the diagnostic feedback provided at the end of the series. Assign the same teaching group code to all candidates who are in the same class (teaching group). For example, if your candidates for English as a Second Language are taught in two separate classes, you should enter 'L1' as the teaching group code for all candidates in the first class and 'L2' for all candidates in the second class. The teaching group codes available in each subject are listed in the Checkpoint Entry Spreadsheet and on the online registration System.
